Dear Friends,

I want to take this opportunity to wish everyone health and happiness for 2024.

As I reflect on this past year, I am incredibly proud to represent the constituents of Perth—Wellington in the House of Commons. We are a caring and welcoming community and no matter where we live, we are all woven together by that common thread of community and taking care of one another. Volunteers are the backbone of our community and I attended many events this past year where volunteers came together to make our communities strong and prosperous.

Perth—Wellington is a diverse region with a strong agricultural sector, a vibrant tourism industry, and so many hard-working small business owners. As a farming community, we not only feed our country, but also help to feed the world. And as a tourism destination, we welcome the world to our own backyard. In the year to come, I will continue to do all I can to represent all those who call our communities home.

In May 2023, we witnessed an historic event with the coronation of King Charles III as our new Head of State. I have recommended to the government that communities in Perth-Wellington be included as part of the next Royal Tour of Canada.

In Ottawa, I will continue to work hard representing what matters most to you to make Perth—Wellington a great place to live, work, and raise a family.

As always, if there is any Federal issue for which I can be of assistance, please do not hesitate to contact my office.

On behalf of the Nater Family, I wish you the very best for a safe and healthy 2024!

Small businesses are the backbone of our economy. It is always gratifying to see individuals and companies choose to launch new ventures in our rural communities. Over the past year it has been wonderful to not only welcome a variety of new businesses across Perth—Wellington, but to also recognize those that are well-established. I encourage everyone to support them. Shop local!
